

CTE Educator & Administrator Survey

Section 1: Program Effectiveness

1. How well do current CTE programs align with student interests and local workforce needs? (Very well/Somewhat/Not well)
2. How effectively are students being advised about CTE pathways? (Very effectively/Somewhat/Not effectively)
3. Are there adequate opportunities for all students, including underrepresented groups, to access CTE? (Yes/No/Somewhat)

Section 2: Funding & Resources

4. Do you feel current CTE funding is adequate to meet program demand? (Yes/No/Somewhat)
5. Which areas are most limited due to funding? (Equipment, Staffing, Transportation, Advising, Industry Partnerships, Other)
6. Does your school/district actively pursue grants, partnerships, or external funding to support CTE? (Yes/No/Sometimes)
7. What barriers do you face in securing external funding? (Time, Staff capacity, Lack of awareness, Other)
8. If additional funding became available, what would be your top three priorities for program improvement?

Section 3: Professional Development & Industry Exposure

9. How often do CTE educators in your district receive professional development specific to their career pathway? (Regularly/Occasionally/Never)
10. Do current PD opportunities prepare teachers to teach emerging industry skills? (Yes/No/Somewhat)
11. Are educators provided opportunities for externships, industry tours, or hands-on industry experiences? (Yes/No/Sometimes)
12. Does your school/district maintain a pool of industry experts for guest lectures, mentorship, or curriculum support? (Yes/No/Not sure)

13. What additional PD or industry connections would strengthen your CTE programs?

Section 4: Program Gaps & Recommendations

14. What gaps do you see in current CTE program offerings?

15. What strategies or resources would help your school/district better prepare students for both degree and non-degree career pathways (e.g., Launchpad Jobs)?
